Yeah, I know, I was just looking at my bean sheets. I should do these soon... I'll make a not on my calendar to do them before the end of Jan.

ISRA case name: Unimatic

ISRA case # E20010335

Hi Bill: Earlier, the RP called me regarding the RIW review and I need to know the status of the referred reports. My last e-mail to you about this was on July 5, 2005 regarding the Feb. 7, '05 referral / RIR dated January 28, 2005.

Also, the other referrals are:

RIW document dated 6/9/05 (cover letter dated 9/12/05) and referred on 9/21/05.

RI report titled: "Second Supplemental Remedial Investigation Report," document dated 9/12/05 and date referred 9/21/05.

RI/letter report: "Unimatics response to the Departments letter dated November 9, 2004 and issues discussed at the Jan. 20, 2005 meeting"

I will look forward to your reply.

Thanks, Gene
